NOTES

1. The numbers in the indices refer to entries, not to pages.
2. Ecuador has not been added to thematic headings or place names. By itself Ecuador refers to general works (i.e., bibliographies that cover multiple aspects of Ecuadorian Studies).
3. In the case of serials, it should be noted that the year of publication was/is not necessarily the same as the year of issue. Both the 1993 (LXXVI) and 1994 (LXXVII) vols. of the *Boletín de la Academia Nacional de Historia*, for example, did not actually appear until 1998.
